### Graywater & Rainwater

Pre-Inspection Notes: \_\_\_\_\_

GW Fixture(s): \_\_\_\_\_ Gallons for RW Container: \_\_\_\_\_

### Toilet & Urinal Replacement

Old Make & Model & Flow/Year: \_\_\_\_\_ Unit Cost: \_\_\_\_\_

New Make & Model: \_\_\_\_\_ # Replaced: \_\_\_\_\_

### Pressure Regulator (PRV) New Installation or Replacement

New or Replaced? \_\_\_\_\_ Adjusted PSI: \_\_\_\_\_ Unit Cost: \_\_\_\_\_

## Rebate Program Terms and Procedures

- **Pre & Post Inspection Required** for lawn, rotary heads, and other low-volume irrigation, hardscape, greywater, rainwater and downspout diversion rebates. (Smart controllers only require post inspection.) Inspections need to be done prior to starting of labor. Post inspection must occur within 90 days of pre-inspection to guarantee funds.
- **Applications may be denied** if purchases are made more than 90 days prior to submitting. Rebates are not offered for amounts under \$10.
- Participants agree that **all retrofits will stay in place** for a minimum of five (5) years.
- **Receipts, with make and model number, must be attached to this application for** toilets, urinals, SMART controllers, rotary spray heads, and pressure regulators. Rebate only applies to unit price and will not exceed purchase price.
- **Rebates will be issued to account holders in the form of a mailed check** unless a request is made for a credit. Note that **checks are issued to account holders** unless another Payee is requested.
- **Lawn/Turf Replacement (Pre/Post)** \$1/sqft of replaced irrigated lawn with low water use plants and/or permeable landscape materials such as mulch, decomposed granite, permeable pavers, or artificial turf. Existing heads must be either converted to drip or other low-volume emitters or removed and glue-capped. Inactive valves must be removed and pipes glue-capped. High and low volume emitters should not exist on the same valve.
- **Rotary Spray Heads (Pre/Post)** \$10 per head for small stream rotary nozzles replacing high volume nozzles for turf or planting beds. Spray head bodies (or nozzles) must be pressure compensating. High and low volume emitters should not exist on the same valve. Receipts with make and model are required.
- **(Other) Low Volume Irrigation (Pre-Post)** \$0.50 cents/sqft for plant coverage at maturity. Replace hi-volume pop-up riser sprayers with low-volume emitters such as drip, inline, or micro-sprayers. Existing heads must be either converted to low-volume emitters or removed and glue-capped. Inactive valves must be removed and pipes glue-capped. High and low volume emitters should not exist on the same valve.
- **SMART Weather-Based Irrigation Controllers (Post only)** Up to \$100 to replace fixed controllers/timers. Credits only offered for SMART controllers with on-site/local sensors or locally crowd-sourced data. Rain sensors alone will not be rebated. Receipts with make and model are required.
- **Hardscape (including in-ground pools/spas) Replacement (Pre/Post)** \$1/sqft (not to exceed \$2,500) for replacement of either impermeable hardscape or pools with infiltration methods such as dry creek beds/swales, rain gardens, or permeable concrete or asphalt, gravel, permeable pavers, decomposed granite or mulch.
- **Downspout Re-Directs (Pre/Post)** \$75 each (up to 4) that are re-directed to a dry creek bed/swale, rain garden, or other infiltration basin, or rainwater tank that is directed to the same.
- **Graywater Rebates (Pre/Post)** Up to \$150 for each washer, shower, or tub. Installations must follow the CA Universal Plumbing Code for greywater re-use. Contact the District for a copy.
- **Rainwater Tanks, Cisterns or Barrels (Pre/Post)** \$0.25 cents/gal of rainwater stored (not to exceed \$750 or 3,000 gallons). Cannot be connected to a potable water supply and installation must follow the CA Universal Plumbing Code.
- **Toilet and Urinal:** Both tank and bowl must qualify and be USEPA10+9 WaterSense certified. \$75 to replace a urinal with a waterless urinal. Devices must be purchased new. Receipts with make and model are required.

| Rebate      | Existing Toilet | New Toilet         |
|-------------|-----------------|--------------------|
| Up to \$125 | >1.6 gpf        | 1.0 gpf (or lower) |
| Up to \$100 | >1.6 gpf        | 1.28 gpf           |
| \$50        | 1.6 gpf         | <1.28 gpf          |
| \$25        | 1.6 gpf         | 1.28 gpf           |

- **Pressure Regulator** \$50 each (up to 2 if necessary) every five years. Receipts with make and model are required.
